A MESSAGE FROM Y.A.B. DATO' HAJI ABDUL GHANI BIN OTHMAN CHIEF MINISTER OF JOHOR

Thank you for giving me an opportunity to pen down a few words in this 36th Annual Dinner Souvenir Program Book of the Institution of Engineers, Malaysia (IEM) Southern Branch. I wish to congratulate IEM Southern Branch for successfully conducting its 36th Annual General Meeting. I understand that the Institution is also celebrating its 50th Golden Jubilee Anniversary this year. Congratulations also to the IEM for being able to strive as a strong Institution of a learned professional society with membership now numbering 24,000 members since its formation in 1959. Being one of the largest professional bodies in the country today, representing all engineering disciplines, I hope IEM will continue to grow in the years ahead

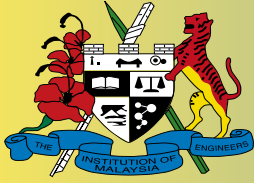

and continue to play its role as a prime mover in nation building.

Since the last few decades, we have experienced tremendous development resulting from industrial revolution and Engineers all along have become important agents of change in this transformation. Now the world is facing a different set of unique problems such as global warming, food and fuel crisis, climate changes and large-scale natural disasters. I believe some of the problems can be solved by the advent of emerging technologies including in the fields of biotechnology, nanotechnology and green technology. Thus, the role of Engineers as champions of technology in ensuring sustainable development of the world is imperative.

In the local scene, Iskandar Malaysia has been pushed forward to be a major economic region. Engineers being the prime movers in nation building will certainly be one of the key players to achieve this objective. In the process of developing Iskandar Malaysia, I wish all in the engineering fraternities committed to ensure all technical, environment and public safety issues be taken into considerations in all stages of project planning and implementation. By incorporating adequate safety measures, maintenance and environmental aspects of the structures being built, we will be able to have not only durable and sustainable structures, but also a truly green city that will be a benchmark for others.

Thank you.

DATO' HAJI ABDUL GHANI BIN OTHMAN

IEM

(Southern Branch)

36TH ANNUAL DINNER

MESSAGE FROM DATO' ENGR. PROF. DR. CHUAH HEAN TEIK

PRESIDENT THE INSTITUTION OF ENGINEERS, MALAYSIA

It gives me great pleasure to put down a few words in the Annual Dinner Souvenir Program 2009. I will not be doing justice if I do not take this opportunity to congratulate the Branch for celebrating its 36th Annual Dinner. I would also like put on record my sincere appreciation to the Organising Committee who has spent a lot of time in organising this auspicious event.

My heartiest congratulations to the Southern Branch for a very successful session and for the initiatives in organising so many successful activities at the branch level. The southern region particularly Johor has become the centre of development and progress especially with the emergence of the Iskandar Malaysia Project. In this regard, I hope that the Southern Branch will play an important role by making itself relevant to the Iskandar Malaysia Project by participating actively in activities and in volunteering its engineering as well as technical services and advice to the relevant agencies and authorities.

IEM Branches are the backbone of our organisation and they play an important role in bringing activities to our members especially for those outside the Klang Valley. At the headquarters, IEM is constantly thinking of ways to assist the Branches in reaching our members. One possibility under consideration is to have some of our major events and activities to the Branches so as to have greater interaction and participation of IEM members nationwide.

IEM is forging ahead with plans to improve our services to the members. The purchase of our new building in Petaling Jaya, proudly named Wisma IEM for seminars, training and conventions is a clear sign that IEM is looking towards fostering training and placing importance on continuous education and professional development on its members.

Professional engineers have to perform their work competently and with integrity, show interest and sensitivity to community concerns and fears, be open and transparent about their activities and play active roles in facilitating open discussions on current issues. As a professional, our job requires a high standard of ethical conduct as it involves public safety and a great amount of resources. We must now equip ourselves to train young engineers to be future leaders. In doing so, we have to enhance our facilities and manpower and a centre to champion this.

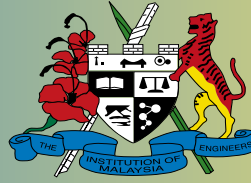

I like to take this opportunity to thank Engr. Sim Tian Liang, the Chairman of IEM Southern Branch, for his continuous support and untiring efforts in ensuring the smooth running of the Southern Branch. To all our valued members; my deepest appreciation and thanks, for without your loyalty, IEM may not be able to achieve its objectives and stand tall.

Finally, I hope that such pro-active efforts will continue in greater strength in the future so as to ensure the continued success of our Institution.

Thank you and with warmest regards,

DATO' ENGR. PROF. DR. CHUAH HEAN TEIK FIEM, P.Eng

36TH ANNUAL DINNER

IEM

(Southern Branch)

MESSAGE FROM ENGR. SIM TIAN LIANG

CHAIRMAN THE INSTITUTION OF ENGINEERS, MALAYSIA (SOUTHERN BRANCH)

I am indeed honoured to be given the opportunity, to pen down a few words in the I.E.M. (Southern Branch)'s Year 2009 Annual Dinner Souvenir Programme Book. I also wish take this opportunity to express my heartfelt gratitude to our fellow members' continued support, for the successful running of activities throughout the year, for the betterment of the profession as well as for the enhancement of the Institution's image and the enlargement of its membership.

The role of Engineers in the society, as the prime mover for the development of the country as well as the improvement of the people's lifestyle, is challenging but fulfilling for the Engineers. The trust that the public placed upon us has made us more humble in delivering all of our engineering efforts with utmost professionalism and vigilance. This is in line with the mission of I.E.M., which is to promote ethical, competent and licensed practice of engineering as well as the professional, social and economic well being of its members.

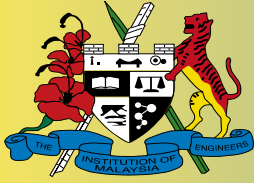

In the quest for speedy development and rapid changing scenario of the world, it is evident that Engineers not only provide solutions to problems and to satisfy human's needs, but also have to add value to the innovation process. In any engineering endeavor to make the world a better place, Engineers, besides applying scientific and engineering principles with advanced modeling/simulation, must take safety, environmental and sustainability aspects into consideration. For an entrepreneurial Engineer, he/she must marshal his/her engineering knowledge, skill and creativity into competitive and high quality services or products. Engineering enterprises play a big role in contribution to the social-economics of the country. In this direction, I.E.M. will continue to put efforts in encouraging students to be interested in science and engineering as well as to act as a platform for advancement of our fellow Engineers, through continuous professional development programs.

Last but not the least, I would like to record my profound gratitude to our Guest of Honour, Menteri Besar of Johor Y.A.B. Dato' Haji Abdul Ghani bin Othman, who has kindly consented to grace our dinner tonight as well as to our various functions organized by IEM Southern Branch, despite of his busy schedule. My utmost appreciation to be conveyed to our President of I.E.M. for his presence to tonight's dinner and to his strong leadership in leading I.E.M. to greater heights.

My best wishes of success to all of you in the challenges ahead. Let us work together to make I.E.M. as the recognized voice for Engineers.

May god bless you all. Thank you.

ENGR. SIM TIAN LIANG PKC MIEM, P.Eng

36TH ANNUAL DINNER

The Institution of Engineers, Malaysia

IEM is a society established to promote science and profession of engineering in any or all its disciplines and to facilitate the exchange of information and ideas related to engineering.

Our Vision

The Institution of Engineers Malaysia aims to be the premier professional organization pivotal to Malaysia achieving Vision 2020.

Our Mission

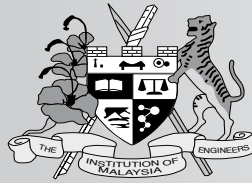

- IEM shall promote sound professional engineering practices in support of the socio-economic development objectives of the nation.
- IEM shall service the needs and interests of its members and the public and uphold the social standing and images of the engineering profession.
- IEM shall contribute towards nation building and shall strive to enhance society's consciousness of science and technology.

Our Objectives

The objects of the Institution as set out in the Constitution shall include the following:

- to hold meetings, exhibitions and visits, and such other activities as the Institution may deem incidental or conducive to the promotion or attainment of the profession of engineering;
- to raise the character and status and advance the interests of the profession of engineering and those engage herein;
- to promote honourable practice and professional etiquette among members of the Institution;
- to communicate to members information on all matters affecting the profession of engineering and to print, publish, issue and circulate such publications as may seem conducive to any of the objects of the Institution; and
- to do such other things as the Institution may think incidental or conducive to the attainment of the objects of the Institution.

(Southern Branch)

36TH ANNUAL DINNER

IEM (Southern Branch) *Academic Award '09 Winners*

The Institution of Engineers, Malaysia (Southern Branch) has once again recognized the achievements of students in primary and secondary schools particularly among the children of IEM members.

As in previous years, the selection of suitable recipients is not based in academic performance alone, but also in the overall standing behaviour, achievements, merit and personal traits of prospective recipients.

This year, the number of application is encouraging and on the 9th June 2009, the Committee have reviewed the submissions and approved the following applicants for the Academic awards:

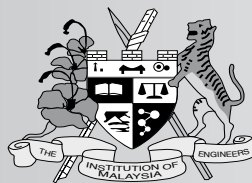

UPSR '08

| Student's Name | Prize | Highest Academic Result | School/Extra-Curricular Activities |
|---|--------------------------|--|---|
| Gan Xin Ying (A.W.) SJKC Foon Yew 1, Johor Bahru Nominated by Gan Yong Chong, Grad. IEM | Certificate & RM50 | UPSR'08 - 7A B. Melayu (Pemahaman) - A B. Melayu (Penulisan) - A B. Inggeris - A Mathematics - A B. Cina (Pemahaman) - A B. Cina (Penulisan) - A Science - A | - Anugerah Pelajar Cemerlang UPSR 2008 (Academic Category) & Co-Curriculum (Parlimen Johor Bahru) - Head Prefect in 2008 - Active in Volleyball - Participated in the Karnival Bahasa Malaysia, organized by Panitia Bahasa Malaysia, SJK C/T Pejabat Pelajaran Johor Bahru, Pertandingan Syarahan Bahasa Malaysia (Third) and Mengarang Bahasa Malaysia (First), SJK (C) Foon Yew 1, JB (Third) |
| Muhammad Nurzahiruddin Bin Mohd Norizam (A.W.) Sek. Keb. Bukit Hampar, Segamat Nominated by Ir. Mohd Norizam Bin Md. Salleh | Certificate & RM50 | UPSR'08 - 5A B. Melayu (Pemahaman) - A B. Melayu (Penulisan) - A B. Inggeris - A Mathematics - A Science - A | - Anugerah Pelajar Cemerlang UPSR 2008 (Persatuan Ibu Bapa dan Guru SK Bukit Hampar, Segamat and Pejabat Pelajaran Daerah Segamat) - School Prefect in 2008, Tunas Kadet Remaja Sekolah (Treasurer), Pembimbing Rakan Sebaya (Member) - Participated in Kursus Kepimpinan Peringkat Sekolah 2008 and Perkemahan Unit Beruniform Daerah Segamat 2008. - Active in school hockey |
| Koh Yen Kang (M.R.) SJKC Foon Yew, Johor Bahru Nominated by Ir. Koh Jit Huat | Certificate & Book Prize | UPSR'08 - 5A 1B 1C B. Melayu (Pemahaman) - C B. Melayu (Penulisan) - A B. Inggeris - B Mathematics - A B. Cina (Pemahaman) - A B. Cina (Penulisan) - A Science - A | - Member of Persatuan Bulan Sabit Merah, Persatuan Bahasa Inggeris, Persatuan Matematik - Played football and badminton |

PMR '08

| Students Name | Prize | Highest Academic Result | School/Extra-Curricular Activities |
|---|---------------------|--|---|
| Lim Harn Chienh (A.W.) SMK Dato Jaafar, Johor Bahru Nominated by Ir. Lim Kee Tiat | Certificate & RM100 | PMR'08 - 8A B. Melayu - A B. Inggeris - A Mathematics - A Science - A Sejarah - A Geografi I - A KHB - Kemahiran Teknikal - A B. Cina - A | - Best student for "Klas Rancangan Khas" Johor - Pelajar Cemerlang PMR 2008 SMK Dato' Jaafar, Johor Bahru - Participated in Australian Mathematics Competition (International Level) (Third), National Mathematics Olympiad representing Johor State (Sijil Sanjungan Kehormat) - Awarded best Junior Librarian 2008 and received Silver award Program Nilam for being an avid reader - Gred 8 for piano (Associated Board of the Royal School of Musics 2008), performed in the High Scorers' Concert in Johor Bahru 2006 - Participated in Chess Competition |

36TH ANNUAL DINNER

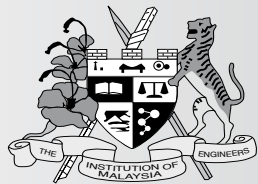

IEM

(Southern Branch)

| Students Name | Prize | Highest Academic Result | School/Extra-Curricular Activities |
|--|--------------------------|---|---|
| Vignesh A/L Balasubaramaniam (A.W.) SMK Sultan Ismail Nominated by Ir. Balasubaramaniam Palanisamy | Certificate & RM100 | PMR'08 - 7A B. Melayu - A B. Inggeris - A Mathematics - A Science - A Sejarah - A Geografi I - A KHB - Kemahiran Teknikal - A | <ul style="list-style-type: none"> - Anugerah Cemerlang PMR "Perfect Score" 2008 from SSI - Member of Computer Club, Badminton Club and Sea Scouts Uniform Group - Represented SSI for Chess in MSSD - Participated in Inter-house in soccer and badminton |
| Muhammad Azmeer Asyraf Bin Zulkifli (M.R.) Maktab Sultan Abu Bakar, Johor Bahru Nominated by Ir. Zulkifli Bin A. Kahar | Certificate & Book Prize | PMR'08 - 7A 1B B. Melayu - A B. Inggeris - A Mathematics - A Science - B Sejarah - A Geografi I - A KHB - Kemahiran Teknikal - A Kemahiran Islam - A | <ul style="list-style-type: none"> - Member of Prefect Board and Counseling Club - Participated in National Science Challenge 2009, "The Prime Minister's Challenge Trophy" and Mathematics Quiz 2008 MSAB Level (Second) - Red belt in Taekwondo and played badminton |
| Chung Wei Qi (M.R.) SMK Infant Jesus Convent, Johor Bahru Nominated by Ir. Chung Teik Boon | Certificate & Book Prize | PMR'08 - 7A 1B B. Melayu - B B. Inggeris - A Mathematics - A Science - A Sejarah - A Geografi I - A KHB - Ekonomi Rumah Tangga - A B. Cina - A | <ul style="list-style-type: none"> - Anugerah Khas Kecemerlang Ko-kurikulum SMK I.J. Convent 2008 - Active in swimming - Participated in SUKMA 2008 (Atlet Renang), Kapas-Marang International Swimathon 2008 (second), International Desaru Triathlon 2008 (third) |

SPM '08

| Students Name | Prize | Highest Academic Result | School/Extra-Curricular Activities |
|--|---------------------|--|---|
| Cheong Wai Hong (A.W.) SMK Tinggi Batu Pahat, Batu Pahat Nominated by Ir. Cheong Kwok Wah | Certificate & RM200 | SPM'08 - 10A1 B. Melayu - 1A B. Inggeris - 1A Pengetahuan Moral - 1A Sejarah - 1A Mathematics - 1A Additional Mathematics - 1A Prinsip Perakaunan - 1A Physics - 1A Chemistry - 1A Biology - 1A | <ul style="list-style-type: none"> - School Prefect, Persatuan Bulan Sabit Merah, Vice Chairman of Robotic Club, Vice Chairman of Photography Club, Committee Member of Cyber Club - Vice Secretary of Swimming Club - Participated in Maxis Cyblin Q Peringkat Kebangsaan, Kuiz Fizik Kebangsaan, Pembentangan Topik Sains Peringkat Daerah, National Robotic Competition Peringkat Negeri |
| Siti Aishah Binti Abd. Rahim (A.W.) Sek. Men. Sains Muar, Muar Nominated by Ir. Abd. Rahim Bin Abd. Latiff | Certificate & RM200 | SPM'08 - 8A1 1A2 1B Bahasa Melayu - 1A Bahasa Inggeris - 1A Pendidikan Islam - 1A Sejarah - 1A Mathematics - 1A Additional Mathematics - 1A Lukisan Kejuruteraan - 1A Teknologi Kejuruteraan - 3B Physics - 2A Chemistry - 1A | <ul style="list-style-type: none"> - Received a silver award for being an avid reader in Program Membina Tabiat Membaca - Participated in Malaysian National Chemistry Quiz 2008, organized by Institute Kimia Malaysia with collaboration of Kementerian Pelajaran Malaysia - Member of Kelab Pencegahan Jenayah, Kadet Polis and Kelab Bola Baling (Treasurer) - Active in sports - represented the school in Kejohanan Hoki SBP Zon Selatan 2007/8 and Muar district in Kejohanan Hoki MSSJ 2007/8 - Participated in track event in MSSM Muar District 2008 |

EMBRACING ECO-FRIENDLY TECHNOLOGY SOLUTIONS FOR OUR RESOURCES

Business technology currently enhances our stance as the premier water treatment and supplier in Malaysia.

Continuously serving each and every constituent in the State of Johor, technology solutions has systematically and comprehensively managed our water quality programme ensuring 100% coverage to our customers, reduction of non-revenue water (NRW) by 12% annually, reduction of the billing cycle and improving collection.

SAJH holds ISO certification for Quality Management, Water Treatment Plants and Central Laboratory and is also the recipient of the **Malaysian Water Association's Outstanding Award for Management** and winner of "**Best Workplace Practice**" in the Asian Corporate Social Responsibility (CSR) Awards 2005.

SAJ Holdings Sdn Bhd

A Ranhill Utilities Company (476718-H)

We are registered with:

- Construction Industry Development Board (CIDB) Gred 'G5'
- Suruhanjaya Perkhidmatan Air Negara – Permit IPA Jenis C2 (Pembentungan)

We deal mainly in infrastructure works and we are specialized in:

- Road Works, Drains & Pipe Works
- Sewerage Works
- Water Reticulation Works
- Main Drains
- Hardscape
- Other Ancillary Works

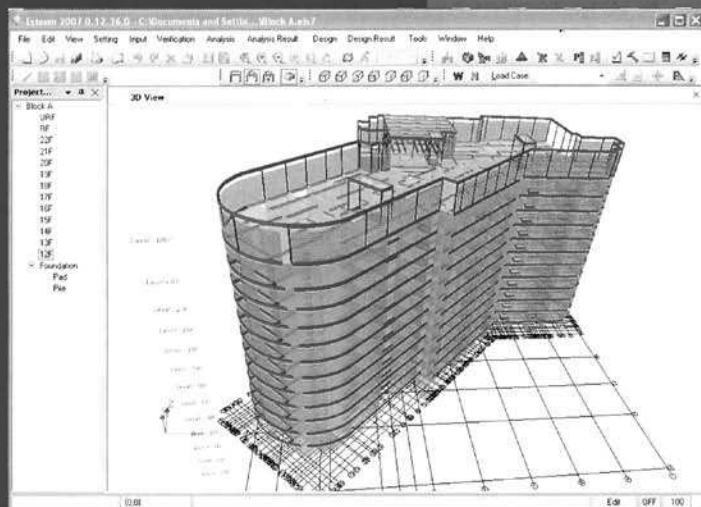

ESTEEM 7

The Perfect R.C. Integrated Total Solution Software

www.esteemsoft.com

ESTEEM 7 Integrated Total Solution is now a completely brand new application with numerous fascinated breakthroughs and feature improvements. Bundled with amazing technological innovations, ESTEEM 7 comes with significant increase in performance, productivity and user-friendliness. The application now has a completely new, more user friendly interface for maximised user-experience.

Above & Much Beyond EsteemPlus Expectation

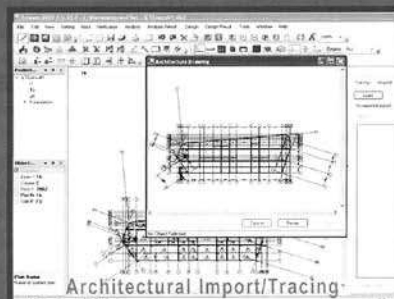

- World-class Integrated Total Solution for automatic modeling, analysis, design and detailing
- Greatly increase productivity, performance, reliability, accuracy and safety standard

Artificial Intelligent Finite Element Mesh (FEM)

- Auto support for beam intersections
- Auto pattern loading for beam moment/shear/torsion envelop design
- Auto moment release for simply supported (beam end/drop/width difference, slab drop)
- Fully handle for slab opening, line load, patch load, point load
- Flexible floor by floor (non-uniform in elevation) shear wall modeling
- Strut and tie design for transfer wall
- Couple Beam-Column/Wall FEM compatibility – for greater results accuracy
- 3D RC Wall contour/ 2D floor plan contour view

Advance Features

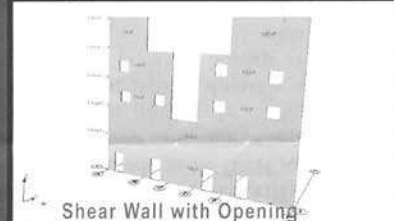

- Taper or arch beam design and detailing
- Analysis results diagram (Moment, shear, torsion, deflection, stress) in 3D/plan view
- Wall sub-frame moment from pattern load in design
- Flat slab rigid zone modeling and pattern loading
- Interactive optimisation in design
- Interactive clicking of post-processing/results data information with floor plan members
- Automatic project batching processing (from analysis to DWG/DXF export) from individual floor plans until last (foundation) stage

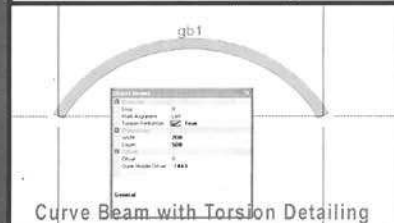

Architectural Import/Tracing

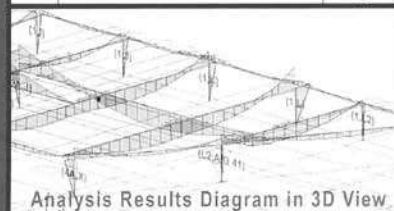

Transfer Shear Wall at Beam Edge

Shear Wall with Opening

Curve Beam with Torsion Detailing

Analysis Results Diagram in 3D View

SIL-ACT

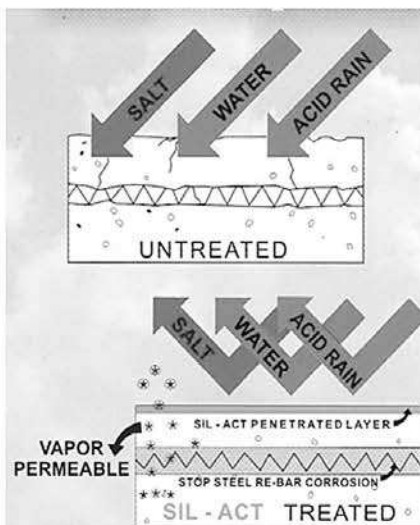

SILANE WATERPROOFING PENETRANT

SIL-ACT APPLICATION

- Bridges
- Airport Pavements
- Highways
- Stadiums
- Basement
- Retaining Wall and Structures
- Reinforced Concrete Water Tanks
- Cooling Towers
- Commercial Buildings

THIS IS SIL-ACT

SIL-ACT ADVANTAGE

- Permanent Chemical Bond.
- Deep penetration / forms a permanent protection layer.
- No appearance change.
- No yellowing.
- No surface texture change.
- Dose not affect skid resistance.
- Easy to use.
- Eliminating masking, overspray and cleanup problems.
- Vapor permeable.
- Stops water and salt intrusion.
- Stops efflorescence.
- Resistance against freeze thaw damage.
- Resistance against acid rain damage.
- Resistance against waterborne staining
- Cost effective / lower initial cost and longer service life
- Outperforms siloxanes.
- Improves adhesion of solvent based paint / striping.
- Not susceptible to ultraviolet or chemical degradation.
- Effective on brick and many types of natural stone.

We are a bored piling contractor in Johor for almost a decade. With this decade of experience and expertise with several bored piling rigs, we can construct any piles however challenging the ground condition is. We assure you that we can deliver a cost-effective solution to your piling needs.

We have built our reputation over the last decade for efficiency and quality works. Much of our work is repeat business from satisfied customers and recommendation from them and their consultants.

From tight spaces, to high capacity piles, no matter how difficult the situation is, we have the right equipment and trained personnel for you.

ALPHA-OMEGA ENGINEERING AOE BUILDER SDN BHD (202839-T)

COMPANY BACKGROUND

This year is **ALPHA-OMEGA ENGINEERING** 10th year anniversary in the piling industry.

Our core business remained focus in :-

Injection/Jack in system, Hydraulic Hammering system and Micro Bore system.

- 1) **Injection / Jack in Piling System** is TOTALLY VIBRATION & NOISE FREE to the surrounding areas.
Each pile is individually self tested to the designed load gauged by a calibrated pressure gauge.
Ideal for factory extension works where adjacent building/structures are sensitive to vibration and noise.
- 2) **Hydraulic Hammering System** is still the cheapest and common method of piling where vibration and noise is not a concern.
- 3) **Micro Bore System** is the mini version of Bore Pile except it is more powerful when comes to penetrating hard layers of granite and boulders.
This system is very versatile in areas where no other type of piling system can physically fit.
It is a common combination with Injection/Jack in piling system where vibration and noise pollution is a concern.
