FOREWORD
YB DATUK Ir. HAJI HASNI BIN HAJI MOHAMMAD
CHAIRMAN OF JOHOR EXECUTIVE COUNCIL
PUBLIC WORKS, RURAL AND REGIONAL DEVELOPMENT

Bismillahirrahmanirrahim
Assalamualaikum Warahmatullahi Wabarakatuh
and Sincere Greeting to all.

It is indeed an honour for me to be given the opportunity to say a few words on this celebrated occasion for The Institution of Engineers, Malaysia (Southern Branch)'s Annual Dinner and Awards Night, 2016.

The recent Federal Government announcement on the High Speed Rail (HSR) project between Kuala Lumpur to Singapore and Double Tracking Electrified KTMB project from Gemas to Johor Bahru amongst others, have given opportunities to our local professional engineers to take part and to contribute our expertise in delivering such mega projects in our country. In line with the 11th Malaysia Plan that has defined a number of strategic thrusts our professional engineers are among the key players that can support the socio economic well-being of the country as well as the state of Johor in particular.

Aligned with these strategic thrusts, the Johor State Government sees immense opportunities in bringing the state to greater heights. We focus on ensuring the welfare of the people of Johor and strengthening infrastructures to support economic growth. We embark on strategic initiatives and development projects which can unlock the potential of the State in transforming Johor into a major economic region.

We are committed to our cause, and have set aside investment indicators to monitor our performances to keep us on track. We believe that Johor can be a powerful economic force beyond the region and we are ready to make this a reality.

I am proud that The Institution of Engineers, Malaysia (Southern Branch) is actively supporting the development of the State through its membership, advocacy and activities.

On behalf of the State Government, we thank you for your support and we look forward to see the network of engineers under the institution contribute more towards the progress and development of Johor State in the future.

YB DATUK Ir. HAJI HASNI BIN HAJI MOHAMMAD

MESSAGE FROM PRESIDENT THE INSTITUTION OF ENGINEERS, MALAYSIA

It gives me great pleasure as President of the Institution of Engineers, Malaysia to put down a few words in the Southern Branch Annual Dinner 2016 Souvenir Programme. I would also like to put on record my sincere appreciation to the Organising Committee who has spent a lot of time in organising this event.

The primary aim of our Institution is to meet the needs and aspirations of its members, and this involves in providing services for the members. We need to focus on that aim.

It is my sincere belief that each of our IEM Branch Committees should be active in its own region in providing support services to the members residing in the area to which the National Head Office is unable to provide. In this instance, I heartily congratulate the IEM Southern Branch for its very successful session and for the initiatives in organising many successful activities at the Branch level. I truly appreciate the contribution of our members, both at the National and Branch levels, in working to advance our country's progress.

We at the National Head Office need your support for the success and growth of our Institution; and in return I affirm my tireless effort, as President, for the good running of our Institution.

I am confident that the IEM Southern Branch will rise to meet any future challenges as it has done since the date of its establishment. Congratulations on all that the Branch has achieved in the past and I wish the Branch every success in the many decades that are yet to come.

Thank You and with warmest regards,

Ir. TAN YEAP CHIN

MESSAGE FROM CHAIRMAN THE INSTITUTION OF ENGINEERS, MALAYSIA (SOUTHERN BRANCH)

On behalf of The Institution of Engineers, Malaysia (Southern Branch), I extend a warm welcome to everyone to our Annual Dinner and Awards Night, 2016. Grateful thanks to YB Datuk Ir. Haji Hasni bin Haji Mohammad, for taking time off from his busy schedule to be here with us. A very big thank you to all our distinguished guests, executive committee members, esteemed IEM members and friends for joining us on this memorable evening.

The IEM (Southern Branch) Annual Dinner and Awards Night is an annual event which is very much celebrated by our Southern Branch members and their business associates. This event would not have been possible without the hardworking organizing team, and the support and contributions from all the advertisers in the Souvenir Programme, and all of you here today. We at IEM (Southern Branch) greatly appreciate and value all of your support all these years.

Tonight, we will be rewarding some of the children of our members who have excelled in both academic and extra-curricular activities, with Academic Awards. We also have an Award for Outstanding Service to The Institution of Engineers, Malaysia (Southern Branch) for a very senior individual. We will continue to give due recognition to those who have contributed to the engineering fraternity in general, and especially to IEM (Southern Branch) in particular.

On a more serious note, we all know the challenges in the current economic conditions and everyone is aware of the possible difficulties ahead. I trust that the State Government also recognises these issues and will always engage our local engineers to spearhead any new development plans, with particular preference for Southern Branch engineers, consultants, contractors, specialists, suppliers and manufacturers. We will continue to meet these new challenges and achieve greater heights. Thank you for your support, enjoy the evening.

Ir. LEE MENG CHIAT

IEM VISION AND MISSION

IEM is a society established to promote and advance the Science and Profession of Engineering in any or all its disciplines and to facilitate the exchange of information and ideas related to Engineering.

Our Vision

The Institution of Engineers, Malaysia aims to be the premier professional organisation pivotal to Malaysia achieving Vision 2020.

Our Mission

- IEM shall promote sound professional engineering practice in support of the socio-economic development objectives of the nation.
- IEM shall service the needs and interests of its members and the public and uphold the social standing and image of the engineering profession.
- IEM shall contribute towards nation building and shall strive to enhance society's consciousness of science and technology.

Our Objectives

The objectives of the Institution as set out in the Constitution shall include the following:

- to hold meetings, exhibitions and visits, and such other activities as the Institution may deem incidental or conducive to the promotion or attainment of the profession of engineering;
- to raise the character and status and advance the interests of the profession of engineering and those engaged therein;
- to promote honourable practice and professional etiquette among members of the Institution;
- to communicate to members information on all matters affecting the profession of engineering and to print, publish, issue and circulate such publications as may seem conducive to any of the objectives of the Institution; and
- to do such other things as the Institution may think incidental or conducive to attainment of the objectives of the Institution.

THE INSTITUTION OF ENGINEERS MALAYSIA (SOUTHERN BRANCH)

Academic Award 2016 Recipients

The Institution of Engineers, Malaysia (Southern Branch) has once again recognize the achievements of students in primary and secondary schools particularly among the children of IEM Members. The selection of suitable recipients is not based on academic performance alone, but also on the overall standing achievements, merits and personal traits of the recipients. On 20th July 2016, the Committee has reviewed the submissions, and approved the following recipients for the 2016 Academic Award of The Institution of Engineers, Malaysia (Southern Branch).

UPSR CATEGORY

Student's Name	Nomination by	School and Extra-Curricular Activities	Highest Academic Result	Prize
Lim Win Hern	Lim Huat Lian (G21804)	SJK (C) Chee Tong, Johor Bahru <ul style="list-style-type: none"> - School Prefect (2015); - Treasurer Chess Club 2015; - Committee Member - "Persatuan Bahasa Melayu"; - Black Belt (2013); - Participated in "Kuiz Sekolah Jenis Kebangsaan Cina Ke-20 (2015); - Participated in "Kem 1 Murid 2015" - Participated in "Kem Motivasi UPSR" (2015) - Participated in "Rancangan Integrasi Murid Untuk Perpaduan" (2015) - Participation in "Ujian Pencarian Bakat UKM1 Peringkat Kebangsaan" (2014) - Certificate Of "i-Nilam "(2015) - Participated in KUKKIWON's 1st Poom Taekwondo - Participated in "Kuiz Sekolah Jenis Kebangsaan Cina Ke-20" (2015) - Muhibah Close Kyorugi Championship (2014) - Awarded Kidpix Deluxe Art Draw (2015) - Hokkien Huay Kuan, Johor Bahru (2015) 	7As	Academic Award Certificate, RM 100 & Book Prize
Muhammad Syafiq Bin Ishak	Ir. Ishak Bin Hashim (M19677)	SK Sri Skudai, Johor Bahru <ul style="list-style-type: none"> - Secretary, School Prefect (2015) - "Tokoh Kanak-kanak Sambutan Hari Kanak-kanak Peringkat Sekolah" (2015) - Participated in "Kejohanan Akuatik Anjuran Majlis Sukan Sekolah Johor - Football in MSS Zone Skudai (2015) - Certificate Of " Pemimpin Berwibawa Unit Beruniform - Pengakap "(2015) - Secretary, Scout (2015) - Secretary, PSV/ Kitar Semula" - Secretary, Football - Committee Member of Suria (2015) - Participated in KUKKIWON's 1st Poom Taekwondo 	5As	Academic Award Certificate, RM 100 & Book Prize

**Award
for
OUTSTANDING SERVICE TO THE INSTITUTION OF ENGINEERS, MALAYSIA
(SOUTHERN BRANCH)**

Ir. TEH SEA CHUAN PIS

B.Sc.(Eng.)(Hons.)(London), FIEM, P.Eng., C.Eng., MICE, MCIHT, MIES

The recipient has been active with The Institution of Engineers, Malaysia since 1979 serving at both IEM HQ and IEM (Southern Branch) levels.

He served as a Committee Member, Honorary Secretary and Vice Chairman for the following Sessions 1979/1981, 1989/1991 and 1991/1993 respectively, in the Executive Committees of IEM (Southern Branch).

He was the Branch Chairman for Session 1993/1995, and IEM HQ Council Member from 1993/1995 and 1995/1998, being the Deputy Chairman of the Standing Committee on Professional Practice.

He was also actively involved as one of the Organizing Committee Members of The Regional Conference on Resort Development jointly organized by both IEM (Southern Branch) and IES in 1991, and Co-Chairman of IEM Organizing Committee for the Tripartite Meeting and Convention in Johor Bahru in 1994.

Ir. Teh Sea Chuan has also been regularly serving as Principal and Second Interviewers for Professional Interview (PI) Candidates since 1980. He has also been the official IEM (Southern Branch) Election Officer since 1990.

The Institution of Engineers, Malaysia (Southern Branch) is greatly honored to present this very long overdue Award for Outstanding Service to the Institution of Engineers, Malaysia (Southern Branch), to our very own Ir. Teh Sea Chuan for his exemplary sacrifices, contributions and guidance since 1979. Over 37 years of service and still many more to come.

Labour Shortage? Congested Sites? Construction Schedule Constraint? Untidy and Dangerous Sites? Inconsistent Quality at Sites?

The most effective solution is **EP Precast Concrete Building System**.

Eastern Pretech provides cost-efficient solutions by simplifying construction methodologies through prefabrication (IBS).

10 MONT KIARA, MONT KIARA, KL

IJM NAUTILUS BAY, PENANG ISLAND

AREAS OF APPLICATION

- Bridges
- Building Foundations
- Civil Engineering Works
- Marine Structures
- Piled Embankments

PRODUCT ATTRIBUTES

- Steam curing enables faster production rate and delivery to project site.
- Can be customized to suit project requirement.
- Spinning process results in more durable concrete with high resistance to corrosion.
- High strength concrete up to grade 90 enables piles to be driven through hard strata.
- Can be manufactured up to dia. 1200mm and a maximum single length of 46 metres.
- Big diameter piles can also be joined in factory up to the length of 66m.
- Environmental friendly installation by hydraulic jacking equipment which is free of noise, air pollution and vibration.
- Prestressed concrete provides higher bending moment capacity compared to conventional reinforced concrete piles.

Austin Heights Water & Adventure Park

2016 NEW ATTRACTIONS IN JOHOR

Malaysia's Largest Family Edutainment Centre

Austin Heights Water & Adventure Park is the latest attraction in Johor Bahru. Built on a 20-acre site, located in urban Johor Bahru, approximately 20 minutes' drive from Johor Bahru city centre. Designed as an exciting integrated fun and adventure entertainment complex which will become a recreational park for all.

Austin Heights Water & Adventure Park promises a hive of activities, ranging from a skating rink to water rides guaranteed to give you a rush of adrenalin and a perfect place where children and adults can enjoy a good time together. There is also space for the very young to learn outdoor skills, further their knowledge and learn the importance of team-building. For the adventurous, you will glide along the suspension wire, manoeuvre the 51 obstacles including jumping into the mid-air to catch the net across like Tarzan. In fact, Austin Heights Water & Adventure Park is designed to cater for those who love the outdoors and are looking for a sense of adventure without exploring the lush forest in the state.

Water Park
Splash, Slide & Relax!

Adventure Park
Experience the thrill...

Jump Street Austin Heights
Feel the freedom!

Drift in Austin
Sit Back, hold tight...

Skating Rink Austin Heights
Truly cool, for all of you...
