SIKAPROOF®-612 TPO FULLY BONDED MEMBRANE

SikaProof®-612 is a TPO based sheet membrane for below grade waterproofing of reinforced concrete structures. It is loosely laid onto prepared substrates base slab before reinforcement and concrete. A PSA / quartz sand layer for excellent mechanical bonding with the concrete to ensure no lateral water underflow and migration between the membrane and the structural concrete.

BUILDING TRUST

مَنْتَرِي بَسَرِ جَوْهَر

MENTERI BESAR JOHOR

MBJ.(KA)1/2022 (11)

Tarikh : 18 Ogos 2022

FOREWARD
YAB DATUK ONN HAFIZ GHAZI
MENTERI BESAR JOHOR

Bismillahirrahmanirrahim.

Assalamualaikum Warahmatullahi Wabarakatuh and Salam Maju Johor.

I have always admired great feats of engineering especially those that have persevered throughout time and built civilisations. Engineers are truly the backbone of a nation and their contribution to the world is immeasurable.

Hence, it gives me great pleasure to commend the effort of the Institution of Engineers, Malaysia (IEM) Southern Branch for organising its Annual Dinner & Awards Night 2022, which is being held in conjunction with ASEAN Federation of Engineering Organisations (AEFO) Mid-term Board Meeting in Johor Bahru.

In today's competitive world, I believe that engineers are one of the key players in ensuring the establishment of this state as a major economic region. They are not only tasked to deliver sound engineering but also utilise forefront technology in building a better and more sustainable development.

On this note, I would like to record my sincere appreciation to IEM Southern Branch and your network of members, for your support and part in building this state. May you continue to contribute to Johor's progress in its effort to be a developed state by 2030.

I would also like to thank Tourism Johor and Yayasan Warisan Johor for offering their assistance in supporting this event. I'm sure the AEFO delegates had a wonderful time visiting and exploring all that Johor has to offer under their expert guidance.

Lastly, to the delegates and everyone involved, have a wonderful meeting and a pleasant stay in Johor!

MESSAGE FROM PRESIDENT THE INSTITUTION OF ENGINEERS, MALAYSIA

It gives me great pleasure as President of The Institution of Engineers, Malaysia to put down a few words in the IEM (Southern Branch) Annual Dinner 2022 Souvenir Programme. It has been nearly three years since the last time IEM (Southern Branch) held their annual dinner in 2019. I am truly happy and proud that the Branch had managed to put together a gathering for the engineering industry to meet and greet each other after such a long time.

As the Southern Gateway of Malaysia, the state of Johor has always been one of the economic powerhouse and academic hubs of the country. The IEM (Southern Branch) is one of the active Regional Branches in IEM and has indeed contributed many quality leaders to the IEM national leadership over the years. We have seen major changes in the world since we last met for the Annual Dinner in 2019 and engineers play an important role to help the country face the challenges as we move into recovery stage after the pandemic. The pandemic in the last two years had underscored that the “Business as usual” mindset is no longer sustainable. Engineers being prime movers in nation building had risen to assist the government agencies in rolling out various actions for recovery of the industry and Malaysia.

I am also extremely pleased that IEM (Southern Branch) will be the host for the Mid-Term Meeting of the ASEAN Federation of Engineering Organisations (AFEO) this year. The meeting was to have been held last year but due to the high Covid infection at the time, it was converted to virtual. The Southern Branch has carried out a long list of wholesome programmes since 25th August 2022 for the delegates from all 10 AFEO member states. Let's cherish this opportunity to welcome our friends from ASEAN to collectively discuss issues close to the hearts of engineering practitioners so that we can play a greater role in regional development for the whole ASEAN region. I am confident that the IEM (Southern Branch) will rise to meet any future challenges as it has done since the date of its establishment. Congratulations on all that the Southern Branch has achieved in the past and I wish the Branch every success in the many decades that are yet to come.

Ir. Prof. Dr. Norlida bt Buniyamin
President, The Institution of Engineers, Malaysia

BRC is now a one-stop shop for all your reinforcing needs - rebar, cut and bend services, BRC mesh, prefab and accessories. We have a specialised team of engineers and technical staff to provide you with free technical and scheduling services. We specialise in tailor-made products manufactured on a JIT (Just-In-Time) basis. BRC Prefab is highly versatile and cost effective for all types of projects. We will be pleased to undertake the whole project or any part of the project be it immediate, short or long term. Contact us today!

MESSAGE FROM CHAIRMAN THE INSTITUTION OF ENGINEERS, MALAYSIA (SOUTHERN BRANCH)

Humans have evolved over thousands of years and engineers have contributed immensely towards this progressive evolution on this planet earth. Proud to be one of them, as Chairman of IEM Southern with over 4,700 members, it is my duty to make Engineers Better Engineers. Engineers have contributed towards the enhancement of Science & Technology and building network with Government Agencies, Professional Organisations and Members towards Nation Building.

After a two-year low activity due to the pandemic, IEM (Southern Branch) (IEMSB) is pleased to host the 49th Year of IEMSB existence with the Annual Dinner & Awards Night and the 21st ASEAN Federation of Engineering Organisation (AFEO), Mid Term Governing Board Meeting (25th to 27th Aug). As the host, IEM (Southern Branch) is pleased to welcome the Chief Minister (Menteri Besar), Johor D.T., State Government Officials, the Indonesian & Singapore Consulates, the AFEO delegates, the VIPS, IEM President, IEM Executive Committees, IEM Branch Chairmen, Invited Guests and IEM Members.

Johor State is in a rapid economic recovery phase in all sectors and engineers' contribution and participation will go a long way to the economic recovery towards modernization and technology advancement. The Environmental Sustainability Goals together with Safety and Health has taken prominent role, as Engineers we will continue to uphold this role. One of our core areas to is to provide support and guidance for the professional growth to our technologist and technicians who are sometimes the backbone towards engineering. We hope to deliver by establishing a Professional Engineering Training Centre and Incubation Hub. Engineers set vision and work towards realising the end goal, Together We Can. IEM (Southern Branch) Engineers took a key role and together with IEM Engineers from all the States, published in April 2022 an IEM Handbook on Engineering Guideline for Dengue Eradication.

Your presence today has added great memories to the event and will be a milestone for IEMSB, being able to host the AFEO Delegates Gathering and IEMSB Annual Dinner & Awards Night. Today's friendship and connection will continue with further networking and collaboration. Appreciation to the organising committee and the young engineers headed by Ir. Bong Beng Siong, the IEM Secretariat Staff, the Sponsors, the Advertisers, Yayasan Warisan Johor for today's event.

**AS PROFESSIONALS, WE SET THE PACE AND DIRECTION.
WE HAVE ONE HOME, MOTHER EARTH, PLEASE TAKE CARE.**

Stay Safe, Stay Healthy,

Ir. Thayala R Selvaduray

ENGINEERING PROGRESS TOGETHER

MESSAGE FROM IEM (SOUTHERN BRANCH) ORGANISING CHAIRMAN

On behalf of The Institution of Engineer's, Malaysia (Southern Brach) and the Organising Committee, it gives me great pleasure to welcome you to our 2022 Annual Dinner & Award Night. However, this year's IEM (Southern Branch)'s dinner is special as it is held in conjunction with 21st AFEO Mid-Term Governing Board Meeting.

It is an honour and privilege to be tasked to organise this Annual Dinner, a tradition of IEM (Southern Branch) where we gather once a year.

I would like to express our sincere gratitude to all of you who have sacrificed your precious time to be present tonight to share in this joyous event. I would also like to thank all individuals and organizations for their support to IEM by way of advertisements, sponsorship and good wishes.

May I convey my sincere gratitude to my very capable Organising Committee for their time, dedication and collective efforts in ensuring that this event will be a wonderful and memorable one for all of us. You know who you are and I am glad to have had you in my committee.

Lastly, I wish to thank IEM (Southern Branch) and Chairman Ir. Thayala R Selvaduray for the confidence to entrust me with the task of organising this function, and hope that the Organising Committee and myself have lived up to the expectations. Do allow me to extend my sincere apologies should there be any shortcomings which may have occur in the course of our duties.

We hope that you will have a wonderful, memorable and enjoyable evening.
Thank you!

Ir. Bong Beng Siong
Chair,
Annual Dinner Organising Committee

Over 30 years of EXCELLENCE

MAKING TECHNOLOGY WORK FOR A BETTER TOMORROW

From an Instrumentation and Controls Company in 1986, today a full fledged Electrical and Mechanical Engineering Company. Enjoys vibrant growth in the Asean Energy Sector, servicing Brunei, Malaysia, Indonesia, Philippines, Singapore, Vietnam and Sri Lanka.

WE PROVIDE GUARANTEED AFTER SALES SERVICE

Product Overview

- Electric/MotORIZED Actuator
 - Auma, Sipac & Dietimo
- Pneumatic Actuator – Copes Vulcan & Cowan Dynamics
- Hydraulic & Electrohydraulic Actuator
 - Cowan Dynamics
- Flame Scanners & Detector
 - Fireye
- Flame Detector & Bellows/Burner Diagnostic/Tuning – Spectrex & SafeFire
- Control Valve – Copes Vulcan
 - Butterfly Valve – Delval
- Zero Leakage valves - Valvetechologies
- High Speed Gearbox & Bearing – Renk Maag
- Panel Annunciator – Ronan
- Valve Actuation & Services – Borell, HP Valve, Masorelain, KSB, Rolark, PanGear & Omral
- Damper Replacement & Services
- Expansion Joint Replacement & Services

 FLAME SCANNER, PILOT IGNITER, BURNER & DAMPER	 FLAME MONITOR	 FLARE MONITOR	 OPEN BAY FLAME DETECTOR	 ELECTRIC / MOTORIZED ACTUATOR	 VALVE ACTUATORS	 BOILER CAMERA
 ZERO LEAKAGE VALVE	 ELECTROHYDRAULIC ACTUATOR	 TURBINE BYPASS & CONTROL VALVE	 HIGH SPEED GEARBOX & BEARING	 PANEL ANNUNCIATOR	 BOILER LEVEL SENSOR	

ITEM VISION AND MISSION

IEM is a society established to promote and advance the Science and Profession of Engineering in any or all its disciplines and to facilitate the exchange of information and ideas related to Engineering.

Our Vision

The Institution of Engineers, Malaysia aims to be the premier professional organization pivotal to Malaysia achieving Vision 2020.

Our Mission

- IEM shall promote sound professional engineering practice in support of the socio-economic development objectives of the nation.
- IEM shall service the needs and interests of its members and the public and uphold the social standing and image of the engineering profession.
- IEM shall contribute towards nation building and shall strive to enhance society's consciousness of science and technology.

Our Objectives

The objectives of the Institution as set out in the Constitution shall include the following:

- to hold meetings, exhibitions and visits, and such other activities as the Institution may deem incidental or conducive to the promotion or attainment of the profession of engineering;
- to raise the character and status and advance the interests of the profession of engineering and those engaged therein;
- to promote honourable practice and professional etiquette among members of the Institution;
- to communicate to members information on all matters affecting the profession of engineering and to print, publish, issue and circulate such publications as may seem conducive to any of the objectives of the Institution; and
- to do such other things as the Institution may think incidental or conducive to attainment of the objectives of the Institution.

ACADEMIC AWARDS 2021 & 2022 RECIPIENTS

The Institution of Engineers, Malaysia (Southern Branch) has once again recognized the achievements of students in secondary schools particularly among the children of IEM Members. The selection of suitable recipients is not based on academic performance alone, but also on the overall standing achievements, merits and personal traits of the recipients.

Academic Awards 2021 – SPM Category

Student's Name	Nomination By	School and Extra-curricular Activities	Highest Academic Result	Prize

UFT

We take care of your Structure defects and Waterproofing problems!

Kami sedia membantu masalah Struktur dan Kalis Air anda!

ABOUT US

UFT Structure Re-Engineering Sdn Bhd (UFT) is a firm specialized in structural repair, CFRP strengthening and waterproofing services to its clients. Due to the increasing demand for construction chemical and material, UFT was formed in 1997 to handle services like demolition works, structure strengthening, structural repairing, waterproofing and relevant specialized scope of works. Also involves in retailing of construction chemical and specialist equipments. Since year 2000, UFT also carries out other civil structure construction works including industrial buildings, infrastructure and residential houses. Its main focus remain in problem solving and excelling construction design both in pre-contract, during construction and post contract stages. Analyses and perfecting construction quality and process will always become UFT key challenge.
