## Webinar: Talk on Selection the Right Metal Roofing with Proper Light Weight Truss System

**Date** : Saturday, 21 August 2021  
**Time** : 9.00 a.m. – 11.00 a.m. (Registration start at 8.30 a.m.)  
**Venue** : ZOOM Application  
**Speaker** : Ms. Catherine Woo, KHP Steel Product (M) Sdn. Bhd.

### Synopsis

Metal Roofing is the top choice for both commercial buildings and homes due to its durability and ability to last for a long time. With coated steel system, its low maintenance makes metal roofing the ideal choice for buildings. Choosing the right metal roofing comes down to the location of the construction, with proper lightweight truss system support below have gained popularity over the recent past in residential buildings because of their many benefits. A lightweight truss system opens up possibilities in the building concept, such that the roof can come in various shapes and sizes selectively. The design flexibility ensures that it is suitable for a vast range of residential or commercial buildings.

The purpose of the webinar is a training and understanding for practitioners, engineers, professionals, or interest groups for the metal roofing systems and lightweight truss systems in this competitive and fast-moving construction industry.
