

Our Ref : IEM(SB)21-22/86
Date : 25 August 2021

Dear IEM (Southern Branch) Members,

IEM (SOUTHERN BRANCH) CORPORATE SOCIAL RESPONSIBILITY ON FOOD BANK TO THE MEMBERS AND PUBLIC

Hope all in good health and staying safe and healthy in the ongoing Covid-19 Pandemic. This unprecedented pandemic has affected and touched each and every one. We managed to pull through so far, whilst some were victims of the pandemic. It is sad to note via the media of the number of people are struggling to have a proper meal. The pandemic has affected us in one way or other; our work, our business, our family, our health, our lifestyle, our friends and fellow human beings. All of us had to make adjustments and move on with whatever means we could manage. Some had gone the extra mile to assist fellow human beings in cash and kind. The members who could be most affected are the young engineers and senior members who depended on children financial support.

IEM (Southern Branch) is writing this letter to our members and enquiring if there are any members who may be in dire financial difficulty to have proper meals. IEM (Southern Branch), hope to pool our resources amongst our members and collectively assist any of our members who need assistance in terms of FOOD AID.

Our recipients' details will be confidential, we respect your privacy and you can contact anyone of the numbers mentioned below. **Please communicate latest by 15 September 2021.** Our apologies to all members for reaching out late to those who need.
